

Circleville Native Newest Policeman

Howard Fletcher, a 30-year-old Circleville native, will become the city's third patrolman to surface from the ranks of this year's civil service testing when he assumes his duties Wednesday.

Ptl. Fletcher has been assigned the 3 p.m. to 11 p.m. second shift, according to Police Sgt. Larry Pontious. He will work with Ptl. Bill Pontious.

His appointment leaves the department one man short of its authorized strength, a problem the city has failed to rectify for about three years. That was the last time the department had its full compliment of officers.

On duty now for the three shifts are 12 patrolmen, three sergeants, a captain, and Chief Robert Temple. Personnel changes on the three shifts were altered the first of September by Chief Temple.

Fletcher, who graduated from Circleville High School in 1964, was a star offensive and defensive tackle for the Tigers for three years, earning all-league acclaim while a senior.

He enlisted in the United States Air Force after graduation, and after taking advanced training at Lackland Air Force Base, was assigned as an air policeman in the Philippines. He also served as an AP at Whiteman Air Force Base, Mississippi, prior to his discharge in 1969.

PTL. HOWARD FLETCHER

Before accepting the patrolman's post, he worked at the local DuPont plant and at Buckeye Steel, Columbus.

Ptl. Fletcher, who plans to make police work his career, feels his new position will be a "challenge. It will be a new experience, working with the civilian population," he said.

Fletcher, his wife Crystal, and their two children, Brent, 7, and Stephanie, 3, live at Route 5.

U.N. Economic Meet Winds Up

UNITED NATIONS, N.Y. (AP) — Weary United Nations delegates raced the clock today to complete marathon economic negotiations before the start of the regular 1975 General Assembly session this afternoon.

Early today red-eyed diplomats, interpreters and clerks were wrapping up the harvest of the Assembly's 17-day special economic session — a lengthy declaration aimed at changing the international trade, investment and aid systems to improve things for the developing nations.

It was the third consecutive all-night meeting. The delegates agreed to adopt the declaration by consensus — without a vote — but with some reservations voiced by the United States and some joint comments by the European Common Market countries.

Delegates hoped this arrangement would induce the United States to go ahead with the large program of aid arrangements proposed in Secretary of State Henry A. Kissinger's message to the special assembly on Sept. 1.

Major political issues before the regular session of the 30th regular General Assembly include the presence of American troops in South Korea, Palestine and continued white minority rule in South Africa. But the first business after the opening this afternoon was the election of Prime Minister Gaston E. Thorn of Luxembourg to be assembly president and the admission of three former Portuguese colonies — Mozambique, the Cape Verde Islands and Sao Tome.

Consumers Get New Weapon In Fight With Computers

WASHINGTON (AP) — Beginning next month, consumers will have a new weapon for dealing with those credit card company computers that just keep spitting out past-due notices in the face of protestations that the computer is wrong.

One of the requirements of a law taking effect Oct. 28 is that companies must advise credit users periodically how and where to file a claim for a billing error.

The Federal Reserve Board announced Monday the final regulations that will provide the basis for enforcing the Fair Credit Billing Act passed by Congress last year.

Everyone who uses a credit card or any open-end credit plan, such as a checking account line of credit, will come under the umbrella of the new law.

Credit card holders and other credit users must receive with their first post-October billing a document listing their rights under the new law. The statement must be repeated twice a

year from then on, unless a creditor chooses to use an approved abbreviated statement every month.

The document will spell out the procedure for filing a claim for a billing error. The claim must be in writing and must be filed within 60 days after receiving the contested bill.

The creditor has 30 days to acknowledge receipt of the complaint and 60 additional days to correct or explain the charge. If the company insists the charge was valid and the individual disagrees, the customer has 10 days to file objections with the lender.

While an amount is in the initial dispute phase, the credit card company cannot report customers to credit agencies or take any collection actions.

After the dispute reaches the point where the credit card company insists the charge was valid, the creditor can report the individual to credit agencies, although the card issuer must also note in the report that the bill is disputed.

Revenue Sharing Still Up In Air

WASHINGTON (AP) — Congress appears unlikely to act this year on proposals to extend the revenue sharing program, which expires at the end of next year. State and local officials have urged the early action so that they can plan their budgets.

Mayors, county officials and governors, citing budget-preparation problems, are pressing for a legislative decision this year on revenue sharing. Moon Landrieu, Democratic mayor of New Orleans and president of the U.S. Conference of Mayors, describes the program as "the best thing since ice cream."

A House Government Operations subcommittee, headed by L. H. Fountain, D-N.C., plans to begin hearings next week on President Ford's April 25 call for renewing the

multibillion-dollar program.

Congressional sources say they are not looking for a push to get a bill out this year since the law does not expire until next year. There is substantial opposition in Congress to continuing the program in its present form, the sources say.

Some of the complaints about the present program have come from civil rights groups, who contend minority problems have been shortchanged, the sources said.

A spokesman for the mayors conference said, "We still think that we have a shot at it this year. We admit it is a long shot." In mid-summer, the mayors conference said its surveys showed that they were 50 votes short of the number needed to pass a renewal bill in the House.

Natural Gas Cuts May Bring Food Shortage

COLUMBUS, Ohio (AP) — There could be shortages as well as higher prices for meat and bread this winter if Ohio's food processors suffer severe natural gas curtailments, the Public Utilities Commission of Ohio was told Monday.

Representatives of several firms asking the PUCO to reduce cutbacks planned by Columbia Gas of Ohio predicted consequences if the curtailments of up to 70 per cent or more are let stand.

William R. Pugh, manager of the Kroger Co. bakery in Columbus, said a projected 82.5 per cent curtailment threatened half of the plant's 360-member work force.

A curtailment of 100 per cent on boiler fuel and 65 per cent on process fuel, he said, would drop production in half.

The bakery produces 93 million packages of goods annually for distribution to 249 supermarkets, Pugh said.

Paul Westbrook, plant controller for Omar Bakeries in Columbus, said an 81.6 per cent curtailment to his company, would force it to use more expensive alternate fuels, driving up product prices.

Kindness To Battle Pay Raise

HAMILTON, Ohio (AP)—U.S. Rep. Thomas N. Kindness, R-Ohio, said he will cosponsor two bills to do away with the recently approved congressional pay raise and restrict such future measures.

Kindness, who fought against the August raise, said he will seek measures similar to the Ohio Constitution to prevent Congress from voting itself pay raises in the future.

Ohio law prevents state legislators from receiving a pay raise approved during their current terms.

"I've always believed this provision of the Ohio Constitution was desirable," said Kindness. "I believe the federal government should adopt a similar provision."

The bill, submitted by U.S. Rep. Charles A. Mosher, R-Ohio, would prevent congressmen from receiving a pay raise they had voted on themselves until they win reelection.

The second measure, submitted by U.S. Rep. Charles E. Grassley, R-Iowa, would repeal the recently approved raises. However, Kindness said, the bill would not effect pay raises for government employees including federal judges, civil service and military.

"The American people are justifiably disenchanted with a Congress that would pass a salary increase for themselves in a four-hour period, but which has not, in over eight months, been able to come up with an acceptable energy program," Kindness said.

"The impact resulting from such a (curtailment) would have a potentially devastating effect on our ability to produce baked goods in quantity and quality," he said.

A switch to fuel oil, he said, would put Omar at a competitive disadvantage with products from bakeries

still supplied with gas.

Robert Blanton, plant superintendent of Peter Eckrich & Sons of Fremont, said a 100 per cent curtailment at his plant "would mean a complete shutdown of our operation." Similar predictions came from Charles Creal, vice president of Alfred

Nickles Bakery, which produces 98 million pounds of baked goods annually in Martins Ferry and Navarre, supplying state institutions and 1,200 schools.

Food processors want priority status from the PUCO for gas deliveries under any curtailment plans.

Industrial Output Shows Rise

WASHINGTON (AP) — A new government statistic indicates that the economic recovery may be taking place faster than economists had thought.

The new evidence of recovery from the recession came Monday in a Federal Reserve Board report that the nation's industrial output shot upward by 1.3 per cent in August, the best one-month showing in nearly three years.

"It looks very solid. It looks like we're headed up," said James L. Pate,

the Commerce Department's chief economist.

He said the industrial production report was consistent with other economic statistics reported recently but that the production figures showed a firmness to the recovery that was not so readily apparent in earlier indicators.

Industrial production represents the output by volume of the nation's factories, mines and utilities. The growth of the service sector of the economy has diminished the statistic's significance in recent years, but the industries it covers still employ almost one-third of the U.S. labor force.

And it is in the manufacturing sector where most of the persons who lost their jobs because of the recession were employed.

In releasing the August figures, the Federal Reserve Board also revised statistics for earlier this year to show that an upturn in industrial production began in May instead of June as reported earlier.

The August figure thus was the fourth straight month industrial production rose after beginning a steep decline last fall.

Consumer goods continued to show strength, rising 1 per cent based primarily on increased sales of such products as furniture, carpeting and appliances. Automobile production was little changed, but the business equipment sector rose by 1.8 per cent, marking the first upturn there in 11 months.

In another report Monday, the Commerce Department said manufacturers and merchants continued to reduce their inventories by \$569 million, or two-tenths of 1 per cent, to \$263.9 billion.

In other economic developments: —More than 20 major commercial banks nationwide followed the lead of New York's First National City Bank and increased their prime lending rate to 8 per cent from 7 3/4 per cent. The rate is the one banks charge their best corporate clients.

—Pan American World Airways sought Civil Aeronautics Board permission to fly domestic passengers between New York and San Francisco for \$199 per round trip, far lower than the discount fares now offered by other carriers.

ROUNDTOWN

IF you've been following the career of Teays Valley and Ohio State University football star Harold (Champ) Henson with the Minnesota Vikings, here's some good news...

He made the final cut with the Vikings and is now officially a member of the team for the 1975 season... Champ gave up an extra year of college eligibility at Ohio State for the challenge of playing professionally.

Sheriff Arrests 4, Continues Crackdown

Four Pickaway County men were arrested by Sheriff Dwight Radcliff and Detective Don Thompson, Monday, adding to the large number of cases cleared by the Department within the past 30 days.

Charged in the three latest cases are Dean Franklin Davis, 22, South Bloomfield, two charges each of breaking and entering and grand theft; Robert Crosby, 21, Columbus, receiving and concealing stolen property; David Ogan, breaking and entering, grand theft and theft of a firearm; and Timothy Morgan, 20, Route 2, Ashville, for receiving, concealing and disposing of stolen property.

The four arrested were involved in burglaries amounting to \$3000 at the Ashville Hardware and Ashville Coffee Shop.

Davis, Ogan and Morgan were involved in the Aug. 25 incident at the Ashville Hardware where Davis and Ogan were able to take 18 guns, ammunition, hatchets and numerous other items, amounting to \$1475.

Davis and Crosby took part in the

Sept. 11 break-in at the Coffee Shop where meat, cigarettes, gumball machine and money, amounting to \$400, was taken.

Ogan was a loner in the theft of a firearm from the hardware July 31.

Of the items taken, Sheriff's Authorities have recovered 10 guns, ammunition, cigarettes, various household items, constituting a near complete recovery. Radcliff added, "We expect a big part of the items to be recovered."

Radcliff sees other arrests to be forthcoming in the recent haul of county burglars.

Through Monday's arrests, a burglary at the Warren Grover residence on Watt Street in Circleville was also cleared.

Radcliff noted that in less than 30 days, his department has cleared 13 theft cases amounting to over \$20,000 with almost full recovery. In that time eight persons have also been taken into custody with even more arrests to come.

"Along with all this," Radcliff concluded, "Crime is still on the move."

Weather

Mostly cloudy with a chance of showers today and tonight ending Wednesday. High near 70, low, upper 50s. High Wednesday, mid 70s. Probability of precipitation, 50 per cent today, 40 per cent tonight and 30 per cent tomorrow. Temperatures Monday were: high, 72; low, 58.

LOOT RECOVERED—Sheriff Dwight Radcliff and Detective Don Thompson look over the items recovered after arresting four Pickaway County men Monday involved in thefts in the Ashville area. Assisted by Sheriff's Deputies and the Ashville Police, Radcliff was able to gain enough evidence to arrest the burglars presently being held in the county jail.

Pregnant Cowgirl Busting Broncs

SPRING CREEK, Nev. (AP) An eight months pregnant cowgirl tied for fourth place in the bronc riding event at the Girls Rodeo Association world championships here.

Sue Pirtle Hays, 22, of Weatherford, Okla., is expecting a child in about one month. She competed here with her doctor's permission. Her husband consented, but said he couldn't watch her compete this year.

Mrs. Hays, a past champion in two events, needed to finish first in the competition to win the national championship for the year.

She said the pregnancy weight gain of 20 pounds on her 5-foot frame cramped her bronc busting style.

PRESENTS SEWER PLAN—Timothy C. Murphy of Southern Indiana Engineering Co. (SIECO, Inc.) discusses the facility plan for a sewage collection system and treatment plant for New Holland at a public meeting in the village hall Monday. About 40 residents attended the session, which is necessary before the final plan can be submitted to the Ohio Environmental Protection Agency for approval and for consideration of an EPA

grant that would fund 75 per cent of the estimated \$1,657,000 project. Remainder of the money would come from a Farmers Home Administration Loan and tap fees. Should the EPA approve the funding, and if council can negotiate for a disputed 12-acre tract of land designed for the treatment plant, work could begin as early as June of next year. Construction is expected to be completed a year after the starting date.

AFBF Upset With Grain Sale Halt

WASHINGTON (AP) — Top officials of the American Farm Bureau Federation are upset about President Ford's refusal to order an immediate end of his embargo of grain sales to the Soviet Union.

William J. Kuhfuss, president of the federation, said Monday that he was "not pleased" by Ford's refusal and that farmers stand to lose valuable

export sales. Other countries tend to see trade embargos as evidence of the United States is not a reliable supplier of farm commodities, he said.

Kuhfuss and other federation officials met for 45 minutes with Ford in an effort to persuade the President to end the sales ban to the Soviet Union. The meeting resulted from Ford's announcement a week ago that a

moratorium on sales to Russia would continue until Mid-October.

Ford also sent a U.S. team to Moscow in hopes of obtaining a long-term purchase commitment aimed at eliminating the impact of sudden, large grain sales which have been the pattern.

Kuhfuss, whose organization favors free trade and minimal government involvement in agriculture, said he did not object to trade agreements as long as those were made with foreign buyers by farmers and private industry.

The federation also believes farmers were given shoddy treatment by not being included in the recent round of White House talks with labor leaders which led to the current negotiations in Moscow.

"I am certain that most farmers feel that they are being used as political and diplomatic pawns by the maritime unions, the AFL-CIO and the U.S. State Department in the negotiations being carried on with the Soviet Union," Kuhfuss told a news conference.

Ford announced the grain sales suspension last week after a meeting with AFL-CIO President George Meany and maritime leaders who had pledged to boycott ship loadings if American consumer interests were not protected. The union leaders said they would continue loading ships until mid-October.

"It is essential that the public understand that the motive of the union leaders in ordering this boycott is not concern for food prices ... but an insistence on a maritime cargo preference agreement with increased subsidies to be paid by American taxpayers," Kuhfuss said.

Kuhfuss said it was a "gross insult" for farmers to have been excluded from discussions leading to Ford's dispatch of negotiators to Moscow. He said that his organization "vigorously opposes" an apparent trend to state trading or government-to-government dealings in commodities.

Ohioans' Taxes Top \$20 Billion

COLUMBUS, Ohio (AP) — Total taxes collected in Ohio during the fiscal year ending June 30 amounted to \$20.3 billion, the Ohio Public Expenditure Council said Monday.

The council said that amounted to \$1,900 for every man, woman and child in the state.

Federal income tax accounted for \$14.4 billion, the state took \$3.4 billion and local governments collected \$2.5 billion, the council said.

Charles Calhoun, executive director of the council, said total expenditures by government in the United States during the fiscal year was about \$555.1 billion.

Faith Brown, daughter of Mr. and Mrs. Gary Brown, Route 5, is a patient in Children's Hospital, Columbus, room 516.

Tropical Storm Building Up In Atlantic

By THE ASSOCIATED PRESS

A tropical depression skirting the north coast of Puerto Rico will probably reach tropical-storm status today, the National Hurricane Center says.

"There has been a very gradual intensification during the past 24 hours and the wind circulation is becoming better organized," said one forecaster. "It is probably that the depression will reach tropical-storm intensity later today."

If it does, it will be named Eloise, the fifth name-storm of the 1975 Atlantic hurricane season.

Meanwhile, cloudy skies and scattered thundershowers covered most of the nation early today.

Heavy rain hit parts of Texas and an area of thundershowers, moving at 10 to 15 miles per hour, spilled over into Southern Arkansas and Northwest Louisiana.

Elsewhere in the nation, precipitation was light. Scattered thundershowers hit to sections of the Northwest, Southern Louisiana and the Atlantic Coast states. Some light rain also fell in the Ohio Valley, the Lower Great Lakes and the Mississippi valley.

Cloudy skies covered much of the Eastern half of the nation where a large high pressure was slowly eroding.

The skies were clear in most of the Western states but scattered clouds also settled over parts of the Northern Rockies and Intermountain regions.

Temperature extremes around the nation ranged from 38 at Concord, N.H., to 94 at Blythe, Calif.

Marijuana Find Brings Drug Charge

A 26-year-old Stoutsville man who apparently attempted to dispose of marijuana in a public toilet at the Circleville Police station was charged with possession of the narcotic.

Barry D. Smith, Route 1, Stoutsville, was charged with possession by Ptl. Jim Ford, who had arrested him earlier Tuesday morning for driving while intoxicated.

Smith was arrested on Lancaster Pike on the DWI charge by Ptl. Ford 3:23 a.m. Tuesday.

After being transported to the local jail, Smith asked permission to use the restroom, the report said.

He allegedly took the plastic bag of marijuana, which was concealed in his trousers, and attempted to dispose of it in the toilet.

A field test of the substance by Police Cpt. Jerry Smallwood verified that it was marijuana.

Senate Race Winds Up In New Vote

CONCORD, N.H. (AP) — New Hampshire voters are choosing between Democrat John A. Durkin and Republican Louis C. Wyman in an unprecedented rerun of the closest U.S. Senate election in the nation's history.

Despite a forecast of sunny skies and mild temperatures in the 60s, politicians in both parties predicted the turnout today would be considerably below the 223,000 who voted last November.

Polling hours varied from town to town. Some precincts were due to open as early as 6 a.m. EDT, with all scheduled to close by 9 p.m.

The new election was ordered by the Senate in late July when it abandoned its seven-month effort to determine the winner of the original race. Three tallies had produced three different results, including a 10-vote Durkin victory and a two-vote Wyman triumph.

The outcome today is expected to show if the Democratic trend evident in 1974 elections is still running and will decide if the Democrats add to their current Senate majority of 61 to 39.

Servicemen Arrested With Marijuana

Charges of illegal possession of marijuana were brought against two Rickenbacker Air Force Base servicemen, arrested by Pickaway County Sheriff's Deputy Nick Franklin.

Franklin was on routine patrol approximately 9:29 p.m. Monday when he saw the vehicle, with the occupants Kevin A. Bitto, 20 and Michael L. Foote, 27, both of AFB, parked along Miller Road.

Franklin stopped to check the subjects and received consent from the owner, Bitto, to search the auto. Foote was in the driver's seat at the time of the apprehension.

Searching the auto, the Deputy found a small bag of marijuana in the glove compartment. A rolled cigarette in an open bottle of beer, a cigarette roller and paper were also found in the 1972 auto.

Foote also had two of the marijuana cigarettes in his pocket.

Deputy Franklin transported the duo to the county jail where they were booked in lieu of bond.

Deaths

MRS. MERZETTIA CALDWELL

Mrs. Merzettia Caldwell, 64, 619 Clinton St., died 2 a.m. Tuesday in Berger Hospital.

Born April 24, 1911, in Louisa, Ky., she was the daughter of Grover C. and Ozella Prince Hicks.

Mrs. Caldwell, a licensed practical nurse at Logan Sanitarium for 17 years, was a member of the Church of The Brethren.

Surviving are her husband, Elmer T. Caldwell; two sons, Bernard T. Caldwell, Bossier, La., and Neal Richard Caldwell, Chillicothe; one daughter, Mrs. Ruth A. Neff, Chillicothe; four brothers, Forrest Hicks, Alta, Calif.; Henry Clay Hicks, Raymond; Glenn Hicks, Orient; and John Ross Hicks, Lansing Mich.; three sisters, Mrs. Mertus (Sis) McCabe, Clarksburg; Mrs. Grace McCabe, Clarksburg; and Mrs. Irene Hart, Xenia; 15 grandchildren, and 13 great-grandchildren.

Funeral service will be held 1:30 p.m. Thursday at Defenbaugh-Wise Funeral Home with the Rev. Marion Nansel officiating. Burial will be at Springbank Cemetery, Yellowbud.

Friends may call at the funeral home after noon Wednesday.

Mr. and Mrs. Larry Keeton (Carolyn Kuhn), 620 Clinton St., are the parents of a 7-pound 3-ounce daughter born 11:32 p.m. Monday at Berger Hospital.

Cities Lose Bids On Land, Highway

INDIANAPOLIS (AP) — The Indiana Court of Appeals says a city cannot arbitrarily prevent a property owner from using his land.

Nor can it deny access to state highways.

The rulings were delivered Monday in cases involving Richmond and Evansville.

The court denied Evansville's appeal of a verdict by Judge Morris S. Merrell of Vanderburgh Superior Court. He declared unconstitutional a portion of the city zoning ordinance.

The Appeals Court also denied Richmond's effort to overturn an injunction against it maintaining a barricade between a restaurant and a state highway.

Campus Notes

Karen Diane Marshall is a freshman at Ohio State University. She is the daughter of Mr. and Mrs. Maynard Marshall, Route 2, and is planning to major in physical education.

The 190-member Eastern Kentucky University marching band includes one member from Ashville.

Deborah Biller plays alto saxophone with the EKV Marching Maroons. She is a graduate of Teays Valley High School where she studied music under the direction of Fred Brobst. Miss Biller is the daughter of Mr. and Mrs. Virgil Fausnaugh.

George C. Adams, Circleville, was named to the Dean's List at Hocking Technical College for the summer term. He took 13 hours and maintained a 3.307 average on a 4.0 scale.
Also named to the list were James D. Barry and James N. Toller, both of Laurelvile.

See No Scandals In Campaigns

COLUMBUS, Ohio (AP) — Secretary of State Ted W. Brown said Monday there were no scandals and few significant violations during the first year Ohio's new campaign law was in effect.

Brown said of 182 cases referred to the Ohio Elections Commission, 176 involved failure to file on time. He said there was only one reported case of expenditures in excess of the limit and no case involved fraud or other serious infractions of law.

The commission has five members, four appointed by Brown upon recommendation of the two major political parties and the fifth picked by the other members. The fifth member serves as chairman.

Brown said 95 per cent of the cases to come before the commission were referred either by his office or local boards of election.

OSU Telescope Relocated

COLUMBUS, Ohio (AP) — A 12-inch refracting telescope housed at Ohio State University's McMillan Observatory since 1896 will continue to give Ohioans glimpses of the universe, but now it will be from a new location in Fostoria.

There, it will continue to fulfill the task assigned it when it was donated to the university 79 years ago—allowing the public to "have an occasional peek at the Milky Way."

The university has donated the telescope, idle for the last 13 years, to

the Kaubisch Memorial Library. It will be installed in a new facility to be built outside Fostoria within the next two years, OSU officials said.

It will be used as part of the library's public education program and will be available to students from Heidelberg College, Findlay College and Bowling Green State University.

The scope had been in the McMillan Observatory, named for Emerson McMillan, a Columbus resident and New York financier who donated the funds for its construction and for the equipment.

The observatory's dedication on June 16, 1896 coincided with the beginning of Ohio State's first academic program in astronomy.

Built by Warney & Swasey of Cleveland, the telescope was one of the first instruments to measure radial velocity away from the earth.

The McMillan Observatory was closed in 1964 when the astronomy department opened a new undergraduate facility on the roof of Smith Laboratory. The old building is slated for demolition.

Dr. William Protheroe, an OSU professor of astronomy, said the telescope could not be transferred to the laboratory because of its size and weight. He said a new 12-inch telescope is more compact and much lighter.

"We would like to have continued using the telescope," he said, "but it wasn't feasible." He said the Fostoria library would use the telescope in a similar manner as it was used at the university to comply with the terms of McMillan's gift.

When McMillan donated the funds, he specified the public must have an opportunity to "have an occasional peek at the Milky Way."

In Fostoria, they'll be able to get that peek—79 years later.

Beards Given Better Image

NEW ORLEANS (AP) — Chief Judge John R. Brown of the 5th U.S. Circuit Court of Appeals says the time has finally come when the general public no longer sees a revolutionary behind every beard or bushy mane. And he thinks it's about time.

Brown, who himself sports a bushy mustache and muttonchop sideburns, expressed that feeling Friday in a concurring opinion in a decision upholding the reinstatement of a college teacher fired for having a beard.

"I write only to record with a sense of relief and common sense that the federal courts are now out of the hair business..." Brown wrote.

Computers May Help Medics Diagnose Heart Ailments

COLUMBUS, Ohio (AP) — Researchers at Battelle Memorial Institute are hoping computers can provide physicians with a more accurate reading of heart ailments.

Dr. William T. Hanna said the study could enable doctors to get better information without additional clinical work.

"The computer model is designed as a bridge between the knowledge of how isolated heart muscle fibers perform and how the whole, intact heart performs in normal and diseased persons," he said.

The 12-month study, to cost \$30,800, is being conducted for the National Heart and Lung Institute of the U. S.

Farmers Fight Intangibles Tax

FINDLAY, Ohio (AP) — Ohio farmers plan to fight the state's collection of intangible tax on delayed price contract agreements for grain.

"There is quite a bit of interest and unrest among farmers on this, and we plan to challenge the ruling," C. William Swank, executive vice president of the Ohio Farm Bureau Federation, said Monday.

Swank said the farm lobby has hired an attorney and is "planning strategy" for a confrontation with the tax law, possibly through a court challenge.

The late Ohio tax commissioner Gerald S. Collins ruled in July farmers must pay taxes on grain for which they have made delayed price agreements, since that is intangible property and taxable like stocks, bonds and land contracts.

The ruling was based on an old intangible tax law and came after a Hancock County tax agent discovered that a very small percentage of farmers were voluntarily paying the tax, while the vast majority ignored it.

The intangible tax law has never been enforced on farmers, and they contend it is ambiguous.

In late August, the state's tax men showed up in Hancock County with several subpoenas to gain access to grain elevator records. That triggered the statewide tax collection.

Collins died Aug. 29, but his successor, Edgar L. Lindley, has said the program will continue.

Swank said Hancock County had been singled out as a test case for imposing the tax.

The Petroglyph State Memorial northwest of Coalton, Ohio, contains a large number of petroglyphs cut into a flat limestone surface by prehistoric Indians.

A Page Of Opinion

Wisdom In Washington

The so-called art of politics has never drawn much applause from the public. The image of lawmakers and officials is one of opportunism. Wisdom in Washington has often seemed centered on how to get into office and stay there.

Now, the Democratic members of Congress have given fresh evidence that the characterization is not misplaced.

It would appear they are about to sock it to the public in

Lock It To 'Em, Baby

ON THE LINE
By BOB CONSIDINE

NEW YORK — Robert J. McDermott, vice president of Holmes Protection, Inc., is a fine-looking, law-abiding gentleman who believes that crime does pay. He should know. He worked 20 years for the New York Police Department's Safe & Loft Squad trying to track down elusive burglars. He estimates that there are at least 1,500 expert lock pickers in New York, the pickmen's paradise. The city has 800 million locks of all kinds to unfasten. All but uncountable millions of dollars are involved. A recent heist of a broker's apartment harvested \$750,000 in loot.

Burglars are much harder to find than murderers, McDermott told me. Burglars don't break things. No blood. They can be respected business or professional people who in some cases rob for kicks, which makes it tougher to uncover them.

"It's almost a sexual stimulation for them," McDermott says. "And a way of getting rich. Or richer. We ran down a real good one just before I retired from the force. Owned a chain of cleaning and pressing shops. Very successful at it, too. Fine wife, family, home, and lots of friends. But three times a year, he'd go off on a robbery trip. He'd head for the Shamrock Hotel

the name of partisanship once again.

Sentiment is growing to throw the nation's citizens to the oil wolves, in a dispute with President Ford over price controls.

The little scenario goes like this: We'll let controls end and make the public pay through the nose for fuels and energy. Then we'll blame it on Ford. Maybe we can elect a Democratic president this way.

Fie on them! If this is

in Houston, first. Then, next time on the road, he'd work any of several hotels in Las Vegas. The third trip was midtown Manhattan. It took us 15 years to find him.

"He had been averaging \$50,000 a year, tax free, all that time. That was what he was paid by his fence. The good ones usually stay with their particular fences for mutual protection. The fence appraises the value of the stolen stuff then, more often than not, buys it for one-third of the estimated value. That's okay with any good burglar."

McDermott showed me the three small tools all robbers require as standard equipment. They are as inconspicuous as, say, a small comb or nail file. He personally can open any chain lock, after unbolting the other locks on a door, with a rubber band and a bit of adhesive tape.

"But the chain lock remains one of the best protective devices ever, if it's used," he said. "In these days, a housewife especially should keep it on when she opens the other locks to a stranger at the door. It gives her time to yell, or call the police — if the fellow at the door doesn't know the rubber band bit."

Burglary jumped 20 per cent in the

statesmanship, then pity the future of this nation.

Instead of their petty self-interest, these men, elected by their constituents, should be working hard to find an end to the Great Oil Robbery.

The perpetrators of this latest outrage may be right about one thing. There may indeed be a great public clamor over any new price spiral. They may also find themselves on the outside looking in after the next election.

U.S. during the first quarter of 1975. The FBI figures suggest that somebody gets robbed every 12 seconds. McDermott's long research in this department produces other odd statistics: If you're going to be robbed, the crime will probably take place between one and three P.M., Monday through Thursday. They are the periods when six out of ten houses, apartments, offices and hotel rooms are unoccupied.

"The good ones always ring the bell or knock on the door, never bust in," McDermott has noted. "If somebody comes to the door, the practiced robber will have a valid sounding tale. He is looking for Dr. Zilch, or somebody like that. Must've been given the wrong address, and he tips his hat and blows. I've done it myself, checking on tips about 'drops' that didn't pan out. Once, I let myself into an apartment we suspected — wrongly — and got chased by the only person in the place, a baby in a high chair eating a bowl of pablum. Kept staring at me while eating."

McDermott is probably the best pickman in town. If he were a crook, and civic-minded enough, he could advance Mayor Beame enough dough to keep the city from going bankrupt. But, like former President Nixon, he is no crook. He has trained hundreds of police officers on how to enter quietly into the locked hideouts of suspects. With a court order, and in the company of detectives, he has magically burgled more than 1,000 doors in his time, with all or more of the skill of a superlative robber.

Behind those surreptitiously unlocked portals, he has found incriminating murder weapons, empty money bags from bank robberies, in one case 60 pounds of heroin, in another a ski mask that led to the arrest of a rapist, and bodies galore.

No lock has stumped him except one just put out by the Emhart lock-makers, the invention of a lockmaster named Walter Surko. McDermott, now a consultant of Emhart, was "inside it for five hours" without solving its mechanism he says. His toughest previous probe was one hour and ten minutes before he could open a lock which its maker had advertised as "impregnable." As for locks that yield to a master key, held by the building superintendent, McDermott says they can be opened by any good pickman with a loud sneeze.

One thing puzzled me in my talk with him: If New York pickmen are so damned adept, how does one ever get arrested?

McDermott laughed. "It's one of their quirks that they can't resist bragging after a particularly good score," he said. "It's compulsive for them to tell somebody, usually another pickman, how clever they were. So the word spreads and eventually we hear it. A murderer never brags. But a burglar, well, he's a ham at heart."

Business World

By JOHN CUNIFF
AP Business Analyst

NEW YORK (AP) — If the economy is recovering you can't prove it by some of the reports — not opinions — released during the past few days. If you tried to do so you'd look ridiculous.

—Business continues to cut its capital-spending plans. These cuts have shown up in one survey after another since late last year. In the latest report, the Commerce Department shows a \$730 million cut between June and August.

Spending plans for new or expanded plants and equipment now might total about \$113.51 billion for the year, the government said, which means that when you discount for inflation the total is 11.5 per cent lower than in 1974.

This seems to suggest that business is waiting for consumers to give them a clue about the future. If consumers began spending, then it is likely businessmen would regain some of their own spending confidence.

But guess what? Consumers have clearly indicated they aren't in the mood, at the moment anyway, to take the lead.

—Retail sales fell eight-tenths of 1 per cent in August. It was the first month to slip in five months, the Commerce Department said.

Optimists will note that, nevertheless, sales remained 5.3 per cent

above a year-earlier figures. Realists observe that consumer prices have risen 10 per cent in that period, meaning an actual decline in sales volume.

—Automobile sales in August were 12 per cent below a year ago. True, the auto market was unusual in August 1974: buyers were rushing to conclude transactions before a price increase.

Still, the August figures showed no improvement over those for July, suggesting that Americans aren't going to flock to showrooms as some industry officials had hoped and even had forecast.

There are marked differences in expectations in the auto industry. General Motors remains bullish, expecting a 23 per cent industrywide improvement over the 1975 model year. But some private analysts foresee little or no improvement.

—The prime interest rate is rising again, and that's bad news. Rising interest rates discourage borrowing — for new plants, for houses, for just about everything. Recovery depends upon the use of borrowed money.

The prime rate had dropped from a 1974 high of 12 per cent to 10.25 per cent earlier this year and finally to a low of 7 per cent this summer. Now it is back to around 8 per cent.

They'll Do It Every Time

Sewing Saga

WASHINGTON (AP) — Women can either celebrate or bemoan the month of September, for Elias Howe Jr., of Cambridge, Mass., on Sept. 10, 1846, patented the first workable sewing machine. It opened up a vast number of jobs for women in factories but also led to their exploitation in sweatshops. For some, home sewing machines were a godsend; for others they just added to the endless household chores.

Howe was not successful at first in the production of sewing machines, but Isaac M. Singer used Howe's patents to build a business empire. Their inventions created the enormous ready-made clothing industry, says Intellectual Property Owners, a nonprofit group devoted to strengthening the patent system.

From his patents and the manufacture of sewing machines Howe, at first a failure, eventually made a fortune of \$2 million.

Richard Byrd of the U.S. Navy charted most of the coast between the Ross Sea and Palmer Peninsula.

There is a continuing increase in bicycle accidents because today more than 100 million Americans, half of them adults, are riding bicycles.

Today In History

By THE ASSOCIATED PRESS

Today is Tuesday, Sept. 16, the 259th day of 1975. There are 106 days left in the year.

Today's highlight in history: On this date in 1940, President Franklin Roosevelt signed the Selective Service Act, which set up the first peacetime military draft in the nation's history.

On this date

In 1850, slave trading was forbidden in the District of Columbia.

In 1862, the Civil War battle of Antietam began in Maryland.

In 1919, the American Legion was incorporated by an act of Congress.

In 1945, after World War II, Japan surrendered Hong Kong to the British.

Ten years ago: The New York Newspaper Guild went on strike against the New York Times and the strike shut down most of the city's daily newspapers for more than three weeks.

Five years ago: President Richard Nixon, speaking at Kansas State University, referred to violence — including campus disorders — as a "cancerous disease."

One year ago: President Ford offered conditional amnesty to thousands of Vietnam-era draft evaders and military deserters.

Today's birthdays: Actor Peter Falk is 48 years old. Jazz guitarist Charlie Byrd is 50.

Thought for today: The happiest miser on earth is the man who saves up every friend he can make. — playwright Robert Sherwood, 1896-1955.

Bicentennial footnote: Two hundred years ago today, the Committee of Safety in Philadelphia resolved that Delaware River pilots should lay up their boats and exercise extreme caution in going out to meet a vessel, lest they be compelled to pilot a British warship up the river.

Editions Of The Past

40 YEARS AGO
1935

Several local projects to be filed under WPA allotments were an \$82,000 addition to Circleville High School, an extensive sanitary and storm sewer project and the removal of car tracks from Court Street in the city and an addition to the Pickaway County court house.

The Herald offered boys and girls and opportunity to turn their bicycles, clothing, roller skates, toy guns, games, books, footballs, shoes, toys, etc. into ready cash before school started through Want Ads. Any boy or girl 16 years of age or less could insert an ad to swap, sell or trade for five cents per week. The ad was to run seven consecutive days or until it was cancelled.

Circleville High School was crowded to the doors with 393 pupils enrolled. Total enrollment for the city's public schools was 1,629. This was an increase of 14 over the previous year.

City Fire Chief Talmer Wise became the owner of a 1902 Mercer which he planned to use in the Pumpkin Show parades. The tiny car had two single seats and was powered by a two cylinder air-cooled motor.

"That's as far as he ever gets putting the hammock up."

Speaking Of Your Health

by Lester L. Coleman, M.D.

There is a history of birth defects in my family. I am two months pregnant. My doctor wants to tap some fluid for testing. Can this be dangerous to the baby?

Mrs. D.B., Miss.

Dear Mrs. B.:

The procedure is known as "amniocentesis." This is a relatively new method by which the amniotic fluid that surrounds the unborn baby is removed and studied.

The sample of fluid is studied microscopically to see if there is an imbalance of chromosomes, which would account for a birth defect. Incidentally, it is thought that the sex of the child can also be determined by the presence or absence of chromatin cells in this same sample of fluid.

Tapping the fluid is not a dangerous procedure. It is done by highly trained doctors. The unborn child is not injured.

Important information can be derived from the study of this fluid. In some instances, genetic malformation can be recognized early, and even corrected, so that the child will have a greater chance to be born normal.

A reader has inquired about

"angiography." This is a complex X-ray technique used to study the condition of blood vessels in the brain and in other parts of the body.

After a special dye is injected into an artery, it can be traced as it makes its course through the blood vessels.

It is used particularly for the study of the heart, abnormalities in the brain, narrowing of the blood vessels, to localize brain tumors and to find the location of aneurysms of blood vessels.

Valuable information about the deep recesses of the body is gleaned from this study.

Is it common to need a second hernia operation? I had this done three years ago. Now the doctor tells me I need another operation.

Mr. H.F., Pa.

Dear Mr. F.:

Although this is not a common experience, it does occur, especially in those people who have not been careful to avoid strain in that area.

The operative site may still have some inherent weakness of the muscle, and, consequently, it is more liable to a recurrence of the hernia.

Agreement Near In Teacher Strike

By MARY CURTIS
Associated Press Writer

An agreement seems near and a ratification vote on a new contract to end the week-long teachers' strike in New York City could come as early as Tuesday, representatives of the teachers' union and the Board of Education say.

But the walkout by teachers in Chicago enters its 13th day today with no end in sight.

"We are near a conclusion, closer than we ever were," said Albert

Shanker, president of New York's United Federation of Teachers. The UFT's 65,000 members struck the 1.1 millionpupil school system last Tuesday.

Shanker and Robert Christen, the school board's chief negotiator, said at a news conference Sunday that negotiations had been recessed until Monday because of Yom Kippur, the Jewish Day of Atonement.

New York teachers, who made from \$9,700 to \$20,350 under the old contract, have reduced their original demand for a 25 per cent wage increase, in light of the city's fiscal problems. Besides class sizes, issues include school board attempts to reduce teacher preparation time and eliminate sabbaticals.

In Chicago, where 530,000 students and 27,000 teachers have been out of school since Sept. 3, the Board of Education and the city's teachers' union remained far apart in their differences over a cost-of-living salary increase proposal.

Chicago teachers made from \$10,400 to \$20,996 under the old contract.

Classes were scheduled to open today at the eight Chicago City Colleges and Thornton Community College where three-week teachers' strikes ended Sunday.

In Lynn, Mass., a strike by 820 teachers ended Sunday night with an agreement between the city's school committee and the teachers' union, Supt. J. Leo McGuinness announced.

In addition, teachers in North Providence, R.I. tentatively agreed Sunday night to end their strike with a new contract.

The 250-member union is scheduled to vote on the new pact today. The agreement calls for pay increases of 5.5 per cent. Acceptance will open schools for about 4,500 pupils.

Shapp Readies Presidential Run

HARRISBURG, Pa. (AP)— Gov. Milton J. Shapp's months of waiting in the wings will end Sept. 25 when he formally announces his candidacy for the 1976 Democratic presidential nomination before friends and political allies in Washington.

The statement probably will be in the Statler Hilton Hotel, a source close to the governor said over the weekend.

Shapp, now 63 and well into the first year of his second term, will also start a four-day campaign trip Thursday. He'll make speeches and attend rallies in Ohio, Illinois, Massachusetts, Connecticut, Florida and Rhode Island.

Pickaway County Farm Heritage Days Saturday And Sunday

THRESHING MACHINE

HORSE DRAWN VEHICLES

ART DISPLAY

CARDING WOOL AND WEAVING

ANTIQUE CORN PLANTER

OLD MANURE SPREADER

TREADLE MACHINE SEWING

CORNHUSK DOLLS

The Pickaway County Bicentennial Commission's Farm Heritage Days will be held Saturday and Sunday at the Drummond Brothers Farm located on Dennis Road just north of Route 316, and the William Green Farm located on Thrailkill Road just south of Route 762.

Persons attending the event may wish to clip the map above so they may determine the best route between the two locations.

Members of the Farm and Farm Organization Committee of the Bicentennial Commission are: George Hamrick, Chairman; Mildred Davis, Bud Enoch, Willard England, Dale Bower, Walt Spangler and George Roth. The committee has been working on the plans since early last spring.

At the Drummond Brothers Farm on Saturday there will be a horse pulling contest at 1 p.m., threshing with steam engines at 2 p.m., butter churning at 2 p.m. and plowing with horses at 3 p.m. Continual activities include sorghum molasses making, steam engine display, apple butter making, oxen at work, Indian relics display and a bean and corn bread dinner.

The Sunday activities at the farm include threshing at 2 p.m., butter churning at 2:30 p.m. and horse plowing at 3 p.m. The other activities are the same.

At the Green farm on Saturday there will be a grain flailing demonstration at 2 p.m. The continual activities include the carriage display, cider making, weaving, stone grinding, quilting, butter churning, cider making, miniature saw mill, gunsmith, Indian relic display and pork chops and sausage barbecue.

On Sunday the scheduled activities include flailing of grain, at 2 p.m., horseshoeing at 2:30 and threshing at 3 p.m. The continual activities include gunsmith, cider making, carriage display, miniature sawmill, Indian relics and pork chops and sausage barbecue.

Members of the Pickaway County Home Economics Extension Clubs who will be at the two locations are:

Mrs. Jean Howes, weaving; Mrs. Esther Falkner, art; Mrs. Helen Baldwin, stone grinder; Mrs. Ruth Thomas, basket weaving; Mrs. June Timmons, quilting; Madge Baum, butter churning and steam canning; Mrs. Thelma Strous, dried flower pictures; Mrs. Sandy Dixon, corn husk dolls; Mrs. Marjorie Rinehart, treadle sewing; Mrs. Carolyn Jarrell, needlepoint; Mrs. Dee Dawson, macrame; Mrs. Doris Cook, canning. Mrs. Timmons is chairman of Bicentennial Events for the Homemakers Council.

Local businesses that have contributed to the financial needs of the Farm Heritage Days are Pickaway Grain, Columbus Production Credit, Gaib Equipment, Second National Bank, Hill Implement, Ashville Grain, Pickaway County Farmers Club, Savings Bank and Brown Tractor and Equipment.

Society Page

News Of Interest To Women

The Circleville Herald, Tuesday September 16, 1975

Fried Pumpkin Blossoms Served To Senior Citizens

Ashville Senior Citizens held an all day meeting Thursday in the Community Park Shelter House. About 50 people spent the day visiting, playing cards and eating. A surprise treat was provided by Everett Shriver and Virgil Six who fried pumpkin blossoms for the group, many of whom had never eaten this delicacy before.

Mr. Shriver, president, conducted the business meeting. Calvin Gebhart of the Citizens Bank and Pat Von Inns of the Ashville Savings Bank were there to explain the procedure now available to recipients of Social Security checks. By signing a simple form at the bank of your choice, you may have your check sent directly to the bank and deposited to whatever account you designate. This eliminates the waiting for the mailman and guarantees that no one will get a check illegally. Your bank will send a statement immediately, indicating the deposit made, and also enclosing any other communications from the Social Security office which might have been included with the check. This service can be discontinued if desired, by notifying the Social Security office.

Mr. Shriver appointed Harold Bumgarner, Virgil Six and Helen Kuhlwein, to the nominating com-

Future Events Announced For Esther Circle

Announcement was made of coming events during the recent meeting of Esther Circle of Community United Methodist Church in the church parlor. Mrs. William Fisher opened the meeting with a poem and prayer.

Vera Downs, Frances Pritt and Lucille Scott were named to care for the altar flowers during September. The dates to be remembered are Oct. 4, the Columbus South District meeting of Community United Methodist Women at Good Shepherd Church from 10 a.m. until 2:30 p.m. Reservations are to be made with Dianne Wilson, and West Ohio Conference will be held from 9 a.m. until 3 p.m., Nov. 1, in Dayton.

For the program Jerry Bennett read "Kitchen Identity" from Decision magazine and a review of Anita Bryant Books telling the story of her life in the entertainment world. She and her husband strive to present an act that will be suitable for any family in America to see.

Refreshments were served by hostesses, Nelle Oesterle, and Fannie Young to: Mrs. John Downs, Mrs. Oren Stout, Mrs. Ray Cundiff, Mrs. Frank Barnhill Sr., Mrs. Dick Tootle, Mrs. O. E. Barr, Mrs. Lloyd Kittle, Mrs. E. R. Bennett, Mrs. Herschell Hill, Miss Reba Lee, Mrs. Frances Pritt, Miss Ruby Wallon, Miss Mildred Turner, Mrs. James Scott, Mrs. William Fisher, Mrs. Karl Drum, Mrs. Roger Murray, Mrs. M. E. Vorhees and Mrs. O. E. West.

Calendar

TUESDAY
Women of St. Philip's Episcopal Church 7:30 p.m. in church library.
Mothers Club of Blue Lancers 7:30 p.m. in Parish Hall of Trinity Lutheran Church.
Berger Hospital Guild 20, 8 p.m. in home of Mrs. Mabel Poling, 405 Watt St.
Berger Hospital Guild 27, 6:30 p.m. in home of Mrs. Ralph Hovermale, 533 Sycamore Drive.
Pickaway County Registered Nurses' Assn. 8 p.m. in Guild Room at Berger Hospital.
Xi Eta Epsilon Chapter of Beta Sigma Phi Sorority 7:30 p.m. in home of Mrs. Brent Rhoads, Jefferson Addition.

WEDNESDAY
Ashville Jaycee Wives Club 7:30 p.m. in Jaycee building.
Past Matrons Circle of Circleville Chapter 90 OES noon at Wardell Party Home.
Circleville LaSertoma Club 8 p.m. in home of Mrs. Robert Parker, Route 4.
Newcomers Club 8 p.m. in meeting room of Pickaway County Historical Society.
Deercreek Variety Club 7:30 p.m. in home of Bessie Radcliff, 386 E. Franklin St.

THURSDAY
FOE 685 Auxiliary 8 p.m. in Aerie Home.
Community Extension Club 10:30 a.m. at the home of Mrs. Paul Stout, Route 1, Lockbourne.
Berger Hospital Guild 30, 7:30 p.m. in home of Mrs. Harry Wright, Route 1, Circleville.

Majors Temple 516 Pythian Sisters 8 p.m. in K of P lodge hall.

FRIDAY
Berger Hospital Guild 13, 12:30 p.m. at Pickaway Arms.

SATURDAY
Berger Hospital Guild 49, 4:30 p.m. at Ted Lewis Park.

Probation Officers Speakers For Child Study League

Rick Painter and Jack Ritchey, Probation Officers of Pickaway County, spoke recently to members of Ashville Suburban Child Study League. They discussed the Juvenile Court system, why juveniles get in trouble and ways of helping juveniles in Pickaway County.

The first meeting of the 1975-76 club year was held in the home of Mrs. Delmer Dodrill, Route 1, Ashville. Mrs. Dan McGarvey was co-hostess for the evening.

Nancy Cummins called the meeting to order. Roll call was answered by each member telling about her summer vacation and contributing one penny to the flower fund for each day of vacation.

Members were reminded of and encouraged to attend the OCCL State Convention to be held October 8 and 9 at the Commodore Perry Hotel in Toledo.

A new fellowship project was started at the meeting. Each member drew a name for a secret sister who she will remember on special occasions through the year.

The next meeting will be a Hobo Night for members and their husbands on October 11 at the home of Mr. and Mrs. Jerry Cummins, Route 1, Ashville.

New members welcomed to the club were: Verlie Tucker, Phyllis Dodrill, Debbie McGarvey, Jan Starkey, Bettie Featheringham, Sandy Hedrick and Ginger Rathburn.

Busy Bees Welcome Three New Members

Roundtown Busy Bees Homemakers Club met Tuesday afternoon in the home of Mrs. John Downs, 555 Lawnwood Court, with Mrs. Lloyd Kittle as co-hostess.

Mrs. Kittle led members in repeating the "Pledge Of Allegiance To The Flag Of The United States Of America" and the "Extension Homemaker's Belief." Plans were discussed for Bicentennial Farm Days, the Pumpkin Show recipe book and Christmas Bazaar.

Three new members, Mrs. Fred Fissell, Mrs. John R. Smith and Mrs. Kirk Cupp, were welcomed.

Others present were: Mrs. Daniel Eitel, Mrs. John Evans, Mrs. Hillis Hall, Miss Mary Howard, Miss Adella Huffman, Miss Maggie Mavis, Mrs. Donald Rose, Mrs. C. C. Schwarz, Mrs. Howard Smith, Mrs. Orrin Stout, Mrs. Walter Arledge, Mrs. Noble Barr and Mrs. Judd Poling.

The next meeting will be held 10:30 a.m., Oct. 14, in the home of Mrs. Walter Arledge, 421 E. Ohio St., with Mrs. Noble Barr as co-hostess. Members are to bring sack lunches and the lesson will be "The Mark Of A Creative Woman."

Guild 49 Plans Saturday Picnic

Berger Hospital Guild 49 will meet 4:30 p.m. Saturday at Ted Lewis Park, near the playground equipment, for a carry-in picnic.

Donohoe Family Reunion Held At Deercreek Park

Deercreek State Park was the setting for the recent Donohoe reunion with a carry-in dinner attended by family members and friends.

Attending were: Mr. and Mrs. Orville Donohoe, Springfield; Mr. and Mrs. Michael Thompson and children, Indiana; Mr. and Mrs. Harold Barker and Tony, Cable; Betsy Carmean, and Mr. and Mrs. Robert Havens, West Liberty; Harold W. Barker, Nancy Foley, Bellefontaine; Mr. and Mrs. Veryl Keaton, Tim and Bethany;

Child Conservation League Opens Year

Child Conservation League held its first meeting for the 1975-76 year Tuesday at the home of Mrs. Robert McCoy, 382 Meadow Lane.

Mrs. T. D. VanCamp, president, opened the meeting by welcoming members and thanking Mrs. McCoy for the use of her home. Mrs. David Smith called the roll with 23 members answering. Mrs. George Haney reviewed the proposed budget which was approved. She asked all members to have their dues paid by Oct. 1.

Reports were made by Mrs. Fritz Jacobs of the revolving fund, Mrs. Roger May on Husband's Night, Mrs. Walter Yamerick on the constitution and Mrs. John Eshelman Jr. of the Pre-Natal Clinic.

Mrs. Frank Estes presented the project report: aid the speech and hearing therapist, financial aid to Girls' Home, Pre-Natal Clinic, Hedges House, Brooks Yates, YMCA partner in youth, aid to Exceptional Children, Eye Clinic and establishing the Annette Will scholarship fund.

Thank you notes were read by Mrs. Smith from charter and honorary members pertaining to the 40th anniversary tea.

Plans were made for a bake sale to begin 9 a.m., Oct. 4, at City Loan building. Members were reminded to have their homemade items there before the sale starts.

First Fall Meeting Held By Guild 16

All members of Berger Hospital Guild 16 were present for the first fall meeting at the home of Mrs. Harold Eveland, 150 W. Mound St. Co-hostess was Mrs. Bishop Given.

After a dessert course, Mrs. Given, chairman, conducted the business session. Mrs. Herschell Hill and Mrs. O. C. West were appointed to attend the General Guild Forum.

Mrs. Frank Kline and Mrs. J. Austin Dowden will be hostesses for the October meeting.

Jr. Women's Club Opens Season With New Members

Circleville Junior Women's Club held its first meeting of the year recently at the home of Cyndy Anderson 1072 Georgia Road.

The meeting was opened with a get-acquainted game. Winning prizes were Willie Ehrlich, Joyce Geis and Sandy Mabe. Next, an inspirational verse "No One Is A Stranger To God" was read by Chris Everhart, chaplain.

During the business session Willie Ehrlich, president, welcomed new members, Mary Jane Buckel, Jan Barnes, Yvonne McGinnis, Sharon Wachenschwanz, Doris Schimps, Nellie Gibson, Sandy Mabe and Barbara Tootle.

Donna Radcliff, ways and means chairman, announced plans for the Pumpkin Show. Signing for shift work and plans to make new aprons were completed. The Fall Conference will be held Oct. 9 in Proctorville.

Hostesses for the evening were Diana Jones, Margaret Parker, and Chris Everhart.

Sorority Unit Opens Season With Discussion

Xi Eta Epsilon Chapter of Beta Sigma Phi Sorority held its first regular meeting of the season recently in the home of Mrs. Roger Born, Wintergreen Hills, to discuss events for the coming year. The theme will be "Heritage And The Woman."

The chapter was awarded a three star rating for its 1974-75 year by Beta Sigma Phi International.

A social gathering is planned for 7:30 p.m., Sept. 16, in the home of Mrs. Brent Rhoads, Jefferson Addition. Guests are invited.

4-H RESERVE CHAMPION CHAROLAIS STEER (BEEF) OFFERED AT TRADITION HOUSE

BECKY WARD AND HER RESERVE CHAMPION CHAROLAIS STEER

Congratulations Becky! Your outstanding 4-H record in competition is one to be proud of. Becky competed nine years in 4-H competition, showing cattle, hogs, chickens, sheep and also won prizes in sewing competition. In 1973 she tipped the fair in rate-of-gain with her steer, averaging 3.6 lbs. per day.

With the purchase of any Gibson Appliance (freezer, refrigerator, or range), KitchenAid Compactor, Litton microwave oven, we will give you some of this choice 4-H beef and offer you this merchandise at great savings.

HERE ARE THE WINNERS IN OUR 46th ANNIVERSARY DRAWING RECENTLY COMPLETED:

Modern Picture — Francis Furniss
Serta Mattress — Margaret Schultz
Boston Rocker — Bernice Hunn
20-lbs. Charolais Beef — L. Tallman
1-pr. Lamps — Ted Sims
1-Set Tables — Charles Nicholas

Recliner — Verda Williams
Bean Bag Chair — G. Coleman
Pole Lamp — Donald Hart
Zenith Radio — Louise Knapp
9x12 Rug — Charles Barker
50-lbs. Beef — Jerry Campbell, Springfield

50-lbs. Beef — Bill Bush, Circleville

Woman Recovers As 'Others' Die

FAIRFAX CITY, Va. (AP) — The woman portrayed in the movie "The Three Faces of Eve" says she has recovered from her rare mental illness after manifesting 21 different personalities over 23 years.

Guardsmen Scheduled To Leave

LOUISVILLE, Ky. (AP) — More than 400 Kentucky National Guardsmen, called to active duty 10 days ago to restore calm after a series of destructive antibusing demonstrations, planned to go home late today "if all remains calm."

"Commitments by the Army National Guard will be met through Tuesday," Maj. Gen. Richard L. Frymire, adjutant general of the guard, said Monday. "If all remains calm, guard units will be deactivated by Tuesday night."

More than half of the nearly 1,000 soldiers called up in the wee hours of Sept. 6 were sent home on Monday. Most of those remaining were members of military police units.

About 200 state troopers of some 500 brought in at the height of the violence remained in Jefferson County.

"We'll try to reduce the strength further as the situation dictates," said state police Col. Les Pyles, declining to say when that might be.

The violence began Friday night, Sept. 5, and continued sporadically through the weekend. The major disturbances occurred near three high schools in southern Jefferson County, but arrests were made in other areas.

Since then, all has been mostly calm except for a few minor incidents. About 50 persons carried a flag-draped coffin around the federal building in Louisville Monday in what they called a "Funeral for Freedom," but there was no trouble.

Beef Raisers Eye Japan

WASHINGTON (AP) — New interest is being shown in Japan as a growth market for U.S. beef as the result of new import quotas set by the Japanese government, the Agriculture Department said today.

Japan banned beef imports, except to fulfill existing contracts, in Feb. 1974. But soaring beef prices for Japanese consumers early this year resulted in new quotas being authorized since June to help make up a deficit estimated at 90,000 metric tons.

The department's Foreign Agricultural Service said U.S. representatives in Tokyo have undertaken steps for the promotion of American beef in hopes of obtaining a larger share of what they see as a developing market.

U.S. beef sales to Japan have been a recent development in themselves, rising from 707 tons in calendar 1972 to 11,260 in 1973. Last year, with most of it shipped before the import ban, U.S. beef shipments were 6,071 tons. During the first seven months of 1975, including the carryover from prior contracts not affected by the ban, shipments were 3,743 tons.

Firms Face Court Action

COLUMBUS, Ohio (AP) — Two southeastern Ohio mobile home dealers, have been charged with making misstatements about the quality of their products and misrepresenting terms of warranties.

Atty. Gen. William J. Brown said Panoramic Mobile Homes Inc. of Chillicothe, was cited in Ross County Common Pleas Court, and Stewart's Mobile Home Sales Inc. of St. Clairsville, was named in Belmont County.

The two firms sell mobile homes "which do not comply with implied warranties and are not fit for habitation," the attorney general alleged in lawsuits filed Monday.

Brown asked the courts to stop the companies from violating the Ohio Consumer Sales Practices Act or from reorganizing under new corporate names.

Dear Abby:

By Abigail Van Buren

Shake-And-Wake Alarm for Deaf

DEAR ABBY: Your recommendation for an alarm clock that lights up to awaken the deaf may not be seen if the sleeper's face is turned away from the alarm clock.

A deaf person I worked with was never late for work, due to the following homemade alarm system.

He removed one blade from a small electric fan, which vibrated when operated because it was unbalanced. He attached the fan to his bed springs, then plugged the fan into an alarm clock with an electric "timer."

When the alarm went off, the bed would vibrate and he'd wake up!

B.W.

DEAR B.W.: Another reader offers this suggestion:

DEAR ABBY: I've been deaf since the age of 15 and have been practicing law since the age of 21.

I have been living alone for the last five years and have yet to miss a

ARC Votes To Promote Fund Use

ORLANDO, Fla. (AP) — The Appalachian Regional Commission has voted to impose a "spend-it-or-lose-it" mandate on its 13 states to combat Congressional criticism that the ARC isn't using all its money.

The commission, which met Sunday at Walt Disney World in conjunction with the Southern Governor's Conference, also voted to seek a \$336-million appropriation from Congress for the 1976-77 fiscal year — a \$42.5-million hike over the 1975-76 year.

The eight governors at the ARC meeting voted unanimously both for the 1977 budget request and the proposal to require states to commit their share of commission funds by May 15 of each year or have the money re-allocated to sister states.

"We're trying to come up with a way to keep from coming down to the last days of the fiscal year with unallocated funds," said Gov. Arch Moore of West Virginia.

"I think we are in trouble with Congress now for dilly dallying on this issue in the past," added Mississippi Gov. William Waller, state co-chairman of the panel.

Five states finished the last fiscal year, which ended in June, with a surplus of more than \$5 million.

The 1977 budget proposal calls for spending \$200 million for highway construction, \$125.5 million for health facilities, vocational education and sewage and water projects and \$9.5 million for research and development.

morning appointment.

Upon retiring, all I do is concentrate on the time I want to wake up, and some musical equipment in my subconscious does the rest.

HAROLD DIAMOND, PHILA.

DEAR HAROLD: Joe Murray, editor of the Lufkin News in Texas, says he's used that system for years and it's never failed.

DEAR ABBY: A reliable and inexpensive way for deaf people to be awakened is to attach a vibrator (we used a foot massager for my husband, who is deaf) to an alarm clock with an electric timer, then to place the vibrator on the corner of the bed! Before retiring, set the timer. The vibrator is activated at the desired time, giving my husband some independence and me uninterrupted sleep.

I have often wished we could tell other deaf people about this, but we had no way of publicizing it.

MRS. K., COLLEGE PARK, GA.

DEAR MRS. K.: For yet another peach of an idea from Georgia, read on:

DEAR ABBY: I am a traveling man with a responsible position. I'm also very hard of hearing, so the problem of waking up on time was a serious one for me.

It was solved for less than \$10 when I bought a small electric timer at a discount store. (It's the type used to turn on coffee pots at a predetermined time.) I plug it into the wall and connect it to a floor or table lamp, then I position the lamp directly over my bed. I just set the timer, and the moment the light goes on, I'm up!

Incidents Of Railroad Vandalism Investigated

Several incidents of railroad vandalism have recently been investigated by the local law enforcement agencies working with Lt. M. E. Collins. Collins is a police officer with the Norfolk and Western Railway Company, Columbus. He noted several offenses which have occurred in the Circleville area lately.

Collins said he and other agents in similar capacities have arrest powers and are commissioned police officers of the state. He cited one example of an arrest which has already been made. A local juvenile is presently under custody awaiting trial for a felony charge of disrupting public service. The youth caused \$520.45 worth of damages to railway signal lights. He is charged with shooting out the lights and the equipment regulating the lights.

Other offenses which are committed

Jury Seated To Hear Isaac Trial

A jury of 12 was seated Monday afternoon to hear evidence in the Lincoln Isaac trial. Isaac is charged with the felonious assault on Bernard Engle.

During Monday's proceedings, Isaac's ex-wife, Donna Schob, testified regarding her relationship with the defendant prior to and since the incident on April 29.

According to her testimony, she was working at Libby's and Larry's Bar and had planned to ride home with Engle. She also testified that the assault occurred when Isaac arrived on the scene.

Jurors seated to hear the case are Wayne L. Lash, Donna C. Groff, Kathryn A. Tomlinson, Audrey E. Howard, James R. Montgomery, George D. Karshner, Harry O. Gilliam, Mildred H. Ayers, Larry D. Sprague, Pearl H. Chamberlain, Betty Louise Dawley and Dorothy B. Haney. Alternate juror is Karl Josef Finley.

Forecast

OHIO—

Cloudy tonight with a chance of light rain or drizzle, becoming partly cloudy Wednesday. Lows tonight from the mid 50s to the low 60s. Highs Wednesday in the upper 60s and the 70s.

WEST LAKE SHORE

Cloudy tonight with a chance of light rain or drizzle, becoming partly cloudy Wednesday. Lows tonight around 55. Highs Wednesday 65 to 70. Chance of rain 30 per cent tonight, 20 per cent Wednesday.

WEST CENTRAL CENTRAL EAST CENTRAL SOUTHWEST SOUTHEAST

Cloudy with a chance of showers tonight, ending Wednesday. Lows tonight in the upper 50s and low 60s. Highs Wednesday in the low to mid 70s. Chance of rain 40 per cent tonight and 30 per cent Wednesday.

By THE ASSOCIATED PRESS

Rain developed over Ohio during the night as low pressure moved through over the state. Before daybreak, Cleveland and Findlay had recorded about .10 of an inch. Dayton, Cincinnati, Toledo and Akron, Canton had a few hundredths of an inch and there were traces in Youngstown, Columbus and Zanesville.

Highs Monday were in the 60s and 70s, ranging from 66 in Canton to 75 in Cleveland. Overnight temperatures dipped into the 50s and low 60s. There was a chance of occasional light rain or drizzle today, mainly in the southern counties with a chance of some sunshine returning Wednesday.

Highs today are forecast to reach the 60s with lows tonight in the 50s or low 60s and highs Wednesday in the upper 60s and 70s.

Business News

Mr. and Mrs. Robert (Duke) Wef-fler, Route 4, recently returned from Nassau in the Bahamas. While there they stayed at Paradise Island. The trip was sponsored by Lowe's where Mr. Wef-fler is employed as assistant manager.

Municipal Court News

Norman Fields, 25, Adelphi, leaving the scene of an accident, \$100 and costs, \$5 of fine suspended.

Dennis F. Bowshier, 21, Mt. Sterling, 67 miles per hour in a 50 zone, \$34.

Gerald D. Keffer, 39, Route 3, Orient, 69 miles per hour in a 50 zone, \$34.

Eldon O. Malone, 39, Route 1, Williamsport, 70 miles per hour in a 50 zone, \$29.

Robert L. Rickerd, 47, 582 Sycamore Dr., stop sign violation, \$24.

Robert E. Nance, 55, Orient, driving while intoxicated, \$150 and costs, 30 days in jail, 27 days of jail sentence suspended, license suspended 30 days.

almost daily include walking along the railroad tracks, hunting on the railroad right of way and crossing the tracks. Collins said that legal crossings are made only at regular road crossings.

One of the most hazardous offenses is hunting along the tracks. As Collins noted, the railroad has the right of way on each side of the tracks for 50 to 100 feet. This land is considered private property. Hunters could very easily accidentally shoot men working on the railroad or signal maintainers.

Collins said he was going to keep closer watch on the railroads locally and would enforce these laws designed to protect the railway company's property.

Juveniles have also caused thousands and thousands of dollars worth of damage to new automobiles being transported by train. Incidents have been reported of persons shooting at the passing trains and throwing rocks at them. Other types of vandalism include shooting the signs and tampering with the signals.

Collins said he would work closely with the police department and the county sheriff's department in bringing offenders to justice.

KIWANIS SPEAKER—Ed Farynowski, left, program chairman, introduced Charlie Rosik of the General Electric Light Division, Columbus, who told Circleville Kiwanians of electrical energy. Guests were Gwen Painter and daughter, Stephany, who discussed acquisition of materials for the Pumpkin Show float; Edward Grigg of the local GE plant; six members of the Moundbuilders Kiwanis Club; Frank Hudson of the Ashville club; Bill Kavanaugh, Phil Jerrosiak, and Jeff Bradshaw; and Steve Penn and Jerry Strawser of the Key Club.

Kissinger Sets Cincinnati Talk

CINCINNATI, Ohio (AP) — Secretary of State Henry Kissinger and his wife Nancy arrive in Cincinnati today, where he is scheduled to make two major foreign policy addresses.

Kissinger will address 1,200 civic leaders Tuesday night at the Convention-Exposition Center.

The visit comes as Egypt and Israeli leaders are working out an interim agreement recently reached through Kissinger's shuttle diplomacy.

Kissinger has scheduled a 10 a.m. news conference Wednesday where he is to give his second address.

College Leader Plans Sabbatical

TOLEDO, Ohio (AP) — Dr. Sakari T. Jutila, chairman of the operations analysis department in the College of Business Administration at the University of Toledo, will take a sabbatical leave to Finland at the end of the year.

Jutila has received an appointment as a visiting professor and a Senior FulbrightHays Research Scholar at the Helsinki Technological University.

Jutila is a native of Helsinki. He received his bachelor and master of science degrees from Purdue University. He received two doctoral degrees from Syracuse University.

A PINTO DOESN'T HAVE THE GUTS TO BE A RABBIT.

Pinto claims to be a better buy than a Volkswagen Rabbit.
But it's really not.
Because when you add up all the features that are standard on a Rabbit and optional on a Pinto, plus all the features you can't even get on a Pinto, you come to a startling conclusion.
The Rabbit is not only a better engineered car.
It's a bargain at the price.

The Rabbit has front-wheel drive. Like an Eldorado and a Toronado.

Features that are standard on a Rabbit and that cost more on a Pinto.

They compare a 2-door Pinto to a 3-door hatchback Rabbit. How much does a hatchback Pinto cost? \$215 extra.*

To get the same kind of performance as a Rabbit (0 to 50 in 8.2 seconds), you have to order a larger 6-cylinder engine with a special rear axle, \$272 extra on the Pinto.*

Of course, with the larger engine you'd only get 22 mpg on the highway and 16 in the city.**

The Rabbit has the engine mounted sideways to give you more passenger space.

The Rabbit gets 38 mpg on the highway and 24 mpg in the city.** So driving an average of 12,000 miles a year, you'd spend about \$10 extra for gas every month with the Pinto.

To get the same effortless 3.3 turn lock-to-lock steering as a Rabbit, you'd have to get power steering on the Pinto. \$117 extra.*

Features on a Rabbit that you can't get on a Pinto at any price.

Front-wheel drive. This gives the Rabbit greater tracking and stability. Not available on the Pinto.

Dual diagonal braking system. If one braking system should fail, another is there to help stop the car. Not available on the Pinto.

Negative steering roll radius. This helps stop a Rabbit in a straight line. Not available on the Pinto.

4-wheel independent suspension. This gives added riding comfort and better handling on rough roads. Not available on the Pinto.

The Rabbit has 4-wheel independent suspension. Like a Porsche.

Interior room. The Rabbit is much roomier than a Pinto. In fact, it has as much leg and head room as some mid-size cars.

Visibility. A Rabbit has more overall glass area than the Pinto's big brother, the Lincoln Mark IV.

Protection. The Rabbit is built so well it's covered by the Volkswagen Owner's Security Blanket, the most advanced car coverage plan in the world.

The hatchback on a Rabbit is standard. On a Pinto, it's extra.

You should also listen to the experts. Popular Mechanics called the Rabbit "The Best Value For 1975" and Road and Track named it "The Best Sedan Under \$3500."

But test drive the Rabbit yourself. It's really the best way to tell what they leave out of a Pinto to make it so cheap.

*All prices quoted based on manufacturers' suggested list price.

FAIRFIELD MOTORS, INC.

— 312 So. Broad St., Lancaster, Ohio

EXCELLENT FITNESS—James "Ferd" Fraunfelter, left, comes up with excellent on fitness tests after working out daily individually designed exercise program throughout the summer months. He is pictured with instructor Joan Eller.

Fitness Classes Offered By YMCA

James Fraunfelter and Gary Valentine have been participating throughout the summer months on the physical fitness program offered by the Pickaway County YMCA.

The two men have consented to work with Joan Eller on a pilot program to show that continued structured daily exercise, fitted to the need of the individual, can and does improve the functioning of the body and mind.

9 Injured By Runaway Automobile

CLEVELAND, Ohio (AP) — James Brinson, 34, said he came out of a Prospect Avenue tavern late Monday, heard screeching tires and saw a car coming down the sidewalk "going pretty fast."

"I saw people flying through the air," said Brinson, "and I saw someone being run over."

Altogether, nine persons were injured, three of them seriously, by the car which police said careened out of control onto the sidewalk in downtown Cleveland. It finally came to a stop when it hit a utility pole.

Aides at St. Vincent Charity Hospital said one person was taken to surgery and two others were in the intensive care unit.

The driver, Doyle Jones, 60, of Olmsted Township, also was hospitalized, police reported.

Michael Pesa, 34, of Youngstown, said he was getting out of his car to make a phone call when he "heard people screaming and I saw this car headed right for me."

"I ran into a parking lot and I saw another guy jump a fence," Pesa said. Brinson said one of those hit by the car "landed on the hood...He was knocked off when the car hit the pole."

Police said the car traveled about 215 feet along the sidewalk before hitting the pole.

Pesa said Jones was "incoherent and bleeding" when pulled from his car and may have been hurt when the car hit the pole.

Members of Jones' family said he had just left the Union Eye Care Center when the accident happened. They said Jones had been injured in World War II and had a metal plate in his skull.

Fighting In Lebanon Worsens

BEIRUT, Lebanon (AP) — Armored cars shelled rooftop snipers in Beirut suburbs today while Moslem militiamen seized control of Tripoli, Lebanon's second largest city.

There was firing throughout the night in five Beirut neighborhoods. Police said snipers killed four persons including one policeman. Roads were closed by armed men, and there were clashes between Shiite Moslems and Maronite Christians.

Armored cars manned by police and other security forces shelled both sides in the sectarian conflict.

Interior Minister Camille Chamoun announced: "We have given security forces orders to silence any source of fire in Beirut, and they are doing this. If this does not end fighting, we shall call in the army to handle the situation."

Troops of Lebanon's 18,000-man army already are manning buffer zones between Christians and Moslems in northern Lebanon, but they have not entered Tripoli, a mostly Moslem city, in force because most of the army's commanders are Christians.

Tripoli was taken over by militiamen of the left-wing Moslem Oct. 24 Movement. They raided police stations and security outposts and kidnapped 35 security men and nine soldiers, reportedly in reprisal for the death of 13 Moslems in a clash with

army troops Sunday night.

Leftist Moslem leaders in Beirut and the Palestinian guerrilla command appealed to the Oct. 24 men to lay down their arms and reopen the city. But the Tripoli Moslems responded with several "irrevocable demands" before they would agree to recognize government authority.

These included:

—Evacuation of all Christians from Tripoli to Zagharta, the hill village five miles to the east which has been the Christian headquarters in the current communal warfare that has raged in northern Lebanon since Sept. 3.

—Release of all Oct. 24 men arrested

after the clash with the army Sunday.

—A public government pledge to arrest Zagharta Christians who killed 13 Moslem captives on Sept. 7, an incident which escalated the fighting.

—Replacement of army troops in the buffer zones with security forces.

—Joint patrols of Moslem leftists and Palestinian guerrillas in Tripoli.

Bombing and heavy exchanges of fire continued through the night in Tripoli. Gunmen attacked the main postoffice and wrecked its furniture. Oct. 24 militiamen blocked streets and patrolled shops and businesses to make sure none opened in violation of a strike order.

Harbour Wins Feature Race At Atomic

George Harbour scored his ninth super sprint feature of the year at Atomic Speedway Saturday night. But not without a battle from Jim Wical and young sprint rookie Charlie Schwartz.

Wical was the early leader with Schwartz and Harbour challenging him continuously. After several laps of jockeying Harbour shot into the lead followed by Schwartz and then Wical. Schwartz dropped out of the battle with mechanical failure and Jim Daryl on the 22nd lap moved into the third spot. A real battle for second developed between Wical and Daryl with Daryl eventually taking second on the 32nd lap dropping Wical back to third. A spin out occurred in turn three on lap 37 and the race was officially called by flagman Chuck Brill. Heat winners were Charlie McCann and George Harbour.

Only the fastest 20 Late Models out of a field of 42 in the pits started the feature. Coming around for the green and really getting on it was Jim Patrick who took the lead followed closely by Dick French, Delmas Conley, Charlie Schwartz, and Bobby Oney. Schwartz was driving a 1974 Monte Carlo while most of the other cars were pony cars. On lap 21 Schwartz went around Conley to move into the second place and Dick French moved into third.

The finish was one that would warm any "cool" Fall night when a heated battle developed between Schwartz and Patrick. Patrick held for the win leaving Schwartz in second, French, third, and Delmas Conley, fourth. Cony winner was Bill Hayes. Skip Waterman, Hank Dyke, George Branscom, and Jim Patrick each claimed a heat win.

Hobby Stock Feature winner was Bob Crace, Jr., who started in fourth position, took the early lead and stayed there to claim the checker. Crace was repeatedly challenged by Dave Williams but Williams spun out leaving Charlie Seymour in second, Jim Vulgamore, third, and Robin Pendleton, fourth. Larry Jett and Jim Vulgamore claimed the heat wins.

Atomic Speedway was honored to have several guests present at their season-end championship: Georgeann Stemler, NSSN Reporter, Bill Ashworth and Joe Ross, Columbus Motor Speedway, CAR Fan Club from Cincinnati with President Buddy Cook, who presented checks to the eighth fastest qualifier in the Late Models and Super Sprints.

Atomic Speedway wishes to thank all fans, drivers, and car owners for their participation in the 1975 racing program. The Atomic Awards Banquet will be held November 15 at the Elks Hall, West Second Street, Chillicothe. Reservations can be made by contacting Dick Mitchell, 844 Jefferson Avenue, Chillicothe.

Little Brown Jug Entry Box Opens

DELAWARE, Ohio (AP) — The entry box opened today for the Little Brown Jug and officials of the middle jewel of racing's Triple Crown predicted a field of at least 14 colts.

No fillies will challenge the colts. The best of those, Silk Stockings and Tarpoet Hap, will pace in the \$40,000 Jugette for 3-year-old fillies Wednesday.

Silk Stockings has won three of the five previous meetings between the standout fillies.

A Texas invader, Midnight Comet, captured the opening Grand Circuit test Monday, winning the test for 2-year-old trotters over the lightning-fast, half-mile track at the Delaware County Fairgrounds.

Penn State's 1976 football game with Army, originally scheduled to be played at West Point, will be played on Oct. 9 in Penn State's Beaver Stadium. The change gives Penn State seven home games in 1976.

Tiger Harriers Lose To Bexley

AT THE FINISH— Circleville's Dave Uland reaches the finish line in Monday's dual cross country meet with Bexley. Dave placed second with a time of 11:00.

Circleville opened its cross country season Monday but dropped a 20-36 decision to visiting Bexley.

Bill Mees of Bexley took first place with a time of 10:57. Circleville's Dave Uland was second with 11:00.

Other places for Circleville were: Doug Baker, 6th, 11:42; Dave Holbrook, 8th, 12:30; Randy Speakman, 9th, 12:35; Joel Baker, 11th, 12:56; Greg Lundberg, 12th; Richard Boulden, 19th.

The Tigers will host Franklin Heights 4:30 p.m. Thursday.

Logan Elm Girls Defeat Westfall In Volleyball

Logan Elm's varsity and reserve girls volleyball teams made it a clean sweep as they topped visiting Westfall Monday.

The Braves' varsity took two straight from the Mustangs, 15-8 in the opener and then had a real battle before copping a 20-18 decision in the second game.

"It was really a tough game but our girls came through with a fine overall team effort," Logan Elm coach Kathi Thompson stated.

The Braves reserves lost the first game to Westfall, 15-11, but bounced back to take the next two, 15-5 and 15-7. Westfall will host Circleville 6 p.m. Sept. 24.

LE Girls Seeking Volleyball Title

Coach Kathi Thompson and her Logan Elm girls volleyball team have two games under their belts and will return to action Sept. 24 when they host Circleville. They are competing in the Mid-State League.

Here is the remainder of the Braves' schedule:

Sept. 24	Circleville
Sept. 25	Berne Union
Sept. 30	At Amanda-Clearcreek
Oct. 2	At Millersport
Oct. 7	Pickerington
Oct. 14	At Fisher Catholic
Oct. 16	Liberty Union
Oct. 21	Fairfield Union
Oct. 23	Bloom Carroll
Oct. 30	At Canal Winchester

All games will start at 6 p.m.

Meet The Tigers

Bo Barthelmas (70), Chuck Wellman (75) and Mearle Logan (45) are junior members of the Circleville Tigers football team. Bo is the son of Mr. and Mrs. Eugene Barthelmas, Sharon Road. Chuck is the son of Mr. and Mrs. Charles Wellman, 826 N. Court St. Mearle is the son of Mr. and Mrs. Mearle Logan Sr., 523 Tower Court.

Meet The Vikings

Ron Foreman (24), Ken Orr (54) and Joe Ehman (21) are junior members of the Teays Valley football team. Ron is the son of Mr. and Mrs. Dick Foreman, Route 1, Ashville. Ken is the son of Mrs. Dixie Schneider, Route 1, Lockbourne. Joe is the son of Mr. and Mrs. William Ehman, Orient.

Tiger Linksmen Drop 1st Match

Circleville's golf team dropped its first match of the season Monday when the Tigers lost a 160-170 decision to Wilmington at Snow Hill Country Club.

Keith Sanders led the Tigers with a 39, Mike McKelvey fired a 41, Mike McCoy carded 44, Dave Wylie 46 and Scott Sanders tallied 47.

"Our boys had trouble adjusting to the course. Outside of Keith Sanders, none of them had ever seen the course before," coach Steve Brudzinski commented.

Circleville will host Unioto and Columbus Wehrle 4:30 p.m. Wednesday at Pickaway Country Club.

LE Golfers Stop Fisher Catholic

Logan Elm's linksmen stopped Fisher Catholic, 188-195, in a Mid-State League match Monday at Upper Lansdowne.

The Braves' Dave Anderson carded a 42 to take medalist honors.

Logan Elm will host a 14-team Invitational Scramble Tournament 3:30 p.m. Friday at Upper Lansdowne.

Six teams have moved up to major college status in football this season. They are Arkansas State, Ball State, Central Michigan, Louisiana Tech, McNeese State and Northeast Louisiana.

Steve Marshall Wins Lansdowne Golf Title

Steve Marshall, a 1975 graduate of Logan Elm High School, defeated Tim Wagnor in the final match of the club championship to win the men's golf title at Upper Lansdowne Golf Links.

The most valuable player in the mid state league a year ago, Marshall defeated Loyal McDonald and Damon Welch in other matches he played.

Larry Kraus defeated Mike Seymour

Viking Frosh Stop Tigers

Ernie Parsons picked up 214 yards in 21 carries and scored three touchdowns to lead the Teays Valley's freshmen to a 29-6 win over visiting Circleville Monday night.

Parsons scored, all on runs, in the third quarter and twice in the fourth quarter.

Rex Pierce scored the other Teays Valley touchdown in the second quarter and picked up 72 yards in 17 carries.

Yancy Toney tallied twice on runs for conversions and Layard Maynard also kicked a conversion for the Vikings.

Circleville's lone touchdown came via a run in the fourth quarter.

CHS Volleyball Team Spikes TV

Circleville's girls volleyball teams, varsity and reserve, defeated Teays Valley in a scrimmage Monday on the Vikings' court.

The Tiger varsity took three games from Teays Valley, 15-6, 15-4, 16-14.

The Circleville reserves took the first two games, 15-6, 15-6, while the Vikings took the third game, 15-6. Sue Stevenson scored 12 service aces.

"Both our varsity and reserve girls turned in fine jobs, both on offense and defense," Circleville coach Joy O'Brien commented.

Circleville will be at home with Westfall 6 p.m. Wednesday.

CHS Grid Tickets On Sale Wednesday

Student and adult tickets for the Circleville-Athens football game Friday night will go on sale Wednesday at Bingman and Risch Drugstores and at the high school 8 a.m. to 4 p.m. Thursday and Friday.

Student tickets will be on sale at all Circleville elementary schools and the junior high school 9 a.m. to 3 p.m. Friday.

to win the first flight in the Upper Lansdowne membership tournament recently completed.

In other action, Lee Curry defeated Tim Wagnor for the second flight championship, Waldo Martin downed Owen Fullen for the third flight title, John Prince defeated Kent Brucker for the fourth flight title and Mac Poston stopped Joe Walker in the fifth flight playoff.

Joe Gibbs defeated Walt Halstenberg to win the senior flight and Eugene White downed Bill Neal for the junior flight title.

Eloise Walker edged Carol Scanlon in an extra hole playoff to win the ladies handicap flight. Roger and Connie Gloyd defeated Damon and Mona Welch to win the husband-wife handicap tournament. Jerry and Carol Scanlon won the husband-wife championship and Damon and Mona Welch were second.

The ladies championship title went to Rose Mary Poston who defeated Carol Scanlon.

The Wednesday night league was won by the team of Mike Seymour and Doug Miller and Ed Tucker and John Evans were second.

The membership tournament at Upper Lansdowne Golf Links, normally played during August, was delayed this year by heavy rains the last week of the month.

A number of the final matches were just recently completed.

NFL Player Strike May Worsen

By FRANK BROWN
AP Sports Writer

While the rest of the National Football League slumbered, six executives endured nightmarish hours of negotiations over the fate of the striking New England Patriots — and possibly that of the 1975 football season.

At an undisclosed meeting place in Washington, D.C., three members of the NFL Management Council met through the early morning over the Patriots' crisis with two representatives of the NFL Players Association and federal mediator W.J. Utery.

With each minute of discussion, the prospect loomed that matters could be wrenched from the hands of the six tired men. Some time in the morning, the striking Patriots planned to practice at the club's Amherst, Mass., training site.

But "if the Patriots report back to practice, we're going to lock them out," said Sargent Karch, executive director of the NFLMC and one of the men locked in the Washington meeting as dawn prepared to break. "They'll be locked out until there's a bargaining agreement or a no-strike pledge by the

union (the NFLPA)." That was exactly what Karch, Theodore Kheel and Wellington Mara were trying to do in representing the 26 NFL owners: work out some kind of agreement with NFLPA Executive Director Ed Garvey and assistant Dick Berthelsen that could forestall further unpleasantness when the players showed up at camp.

There had been unpleasantness enough Monday, with threats flying of canceled seasons, more player walkouts ... 1974 all over again.

"If the Patriots don't practice, there will be problems," said player representative Brig Owens of the Washington Redskins, who voted to back the Patriots if they were barred from practicing. "There has to be unity."

The Washington Post quoted an unidentified player as saying there was shouting, namecalling and bitterness at the one hour, 45-minute meeting where the athletes voted to back their field brethren.

The player was quoted as saying Redskins' President Edward Bennett Williams had told the players to "play

— or else" in their season opener next Sunday, and even threatened to declare the corporation out of business if the strike continued.

Carroll Rosenbloom, owner of the Los Angeles Rams, had made a similar statement earlier Monday. "... there would be no choice but to fold up for the year," he said. "I am sure I can not sit still for such blackmail."

Meanwhile, early returns began to come in from training camps across the country. The Dallas Cowboys voted 22-1 in favor of walking out if the Pats were locked out of their Sunday home opener against Houston. The New Orleans Saints "unanimously voted to support the recent action of the Patriots and demand the reinstatement of the team," according to player rep Rich Kingrea.

On the other side of the player coin, the Cleveland Browns took a "wait and see" attitude regarding the Pats' situation and player rep Bill Bergey of the Philadelphia Eagles said, "I can't think of anybody on our club who would support a strike."

Hayes Will Get Tough

COLUMBUS, Ohio (AP) — Ohio State Coach Woody Hayes, with another football opponent in the nation's Top Twenty this week, has switched a temporary nice guy image for his usual toughness again.

"I said some nice things to the players after the Michigan State game. They had it coming," Hayes said Monday of the third-ranked Buckeyes' 21-0 victory over the No. 11 Spartans last week.

Next in store for Ohio State is Penn State, the nation's 10th rated power last week. The Nittany Lions never have lost to the Buckeyes in four previous meetings, all in Columbus.

"The first thing this week in practice," Hayes said, "I'll get rid of that nice streak."

"If somebody misses an assignment, I'll eat them up," promised the Ohio State coach, known for his tough, disciplined practices in 2½ decades at the Buckeyes' helm.

"The normal tendency is to have a letdown. That's crap. Normal tendencies can be averted," said Hayes, who often does it with a rugged week of practice.

TOUGH LINEBACKER—Bob Foster, a 6-foot-1, 200-pound junior from Amanda High, was a starter on last year's Wittenberg University's Ohio Athletic Conference football champions and returns to his post again this year which gives the Tigers added defensive strength.

Boston Holds Off Brewers, 9-7

By FRED ROTHENBERG
AP Sports Writer

It's a two-game series in September that could lead to a seven-game Series in October.

After 150 games, the Boston Red Sox stand poised, ready to end Baltimore's recent domination of the American League East — and the Orioles sit on the brink of a do-or-die situation.

Just 4½ games separate the two teams. It could swell to 6½ games by Wednesday night and all but eliminate the Orioles from the American League East race. Or it could dwindle to 2½ games and give the Orioles a clear shot at their sixth division title in the last seven years.

"We're still in the driver's seat," said first base coach Johnny Pesky Monday night after Boston held off the stubborn Milwaukee Brewers for a 9-7 victory at Fenway Park.

"You naturally get up for a club like Baltimore," Pesky said. "We're due to beat that ballclub in this park. But I'll settle for a split."

A split would send Baltimore away still 4½ games back but 4½ games then would be worth a lot more than 4½ games now, especially since the two top teams don't meet again this season.

Baltimore was idle Monday night and in an abbreviated AL schedule, the

Kansas City Royals beat the Chicago White Sox 3-2; the Minnesota Twins downed the California Angels 7-6 in 12 innings and the game between the Oakland A's and the Texas Rangers was rained out.

Baltimore takes its best shot tonight, sending 21-game winner Jim Palmer against Boston's ace Luis Tiant, 16-13.

"We just gotta win all the rest of them," said outfielder Jim Rice, who knocked in his 100th run of the season. "Nothing new."

Fellow rookie sensation Fred Lynn also reached the 100 RBI mark Monday night. Dwight Evans added four RBI to the Boston attack. The Red Sox built an 8-0 bulge in the first two in-

nings, more than enough to stave off a late Milwaukee surge that included George Scott's 30th homer of the year and Robin Yount's eighth.

Royals 3, White Sox 2

Paul Splittorff's six-hitter and John Mayberry's tie-breaking two-out single in the ninth inning carried Kansas City past Chicago and inched the Royals within 6½ games of the idle A's in the West Division.

Twins 7, Angels 6

Steve Braun's single and Glenn Borgmann's double in the 12th inning gave Minnesota its victory over the Angels, overshadowing Bruce Bochte's 5-for-5 night at the plate for the Angels.

FIGHTING SCOT—Perry Hoskins, former stellar all-around athlete at Circleville, is a member of the College of Wooster football team and is a possible starter at safety. The freshman griddler is the son of Mr. and Mrs. Paul Hoskins, 124 Parkview Ave.

Gorden Bell Top Offensive Gridder

By THE ASSOCIATED PRESS

Michigan tailback Gordon Bell of Troy, Ohio, was named today The Associated Press top offensive player of the week in the Big Ten Conference.

Bell rushed for 210 yards on 28 carries in the Wolverines' 23-6 victory over the Wisconsin Badgers Saturday, for an average of 7.5 yards per carry.

The senior running back's performance established him as the conference leader in three categories after the opening weekend of play: rushing yards—210; all-purpose running, which includes yardage gained in pass receiving, kickoff returns and punt returns—240; and total offense—210.

MAILBOX SERENADE — Music greets postman when he opens tuba mailbox in Norwood, N.Y.

Your Horoscope

By FRANCIS DRAKE

Look in section in which your birthday comes and find what your outlook is, according to the stars.

FOR WEDNESDAY

ARIES (Mar. 21 to Apr. 20): Don't expect associates to be amenable to the usual approaches now. Some situations will call for extreme delicacy in handling.

TAURUS (Apr. 21 to May 21): Confusion could result if you misinterpret instructions, miscalculate in any way. A day for double-checking everything.

GEMINI (May 22 to June 21): Attempts to alleviate an economic situation should be most successful now. The resources of another may even be put at your disposal.

CANCER (June 22 to July 23): Lunar influences now give you a sharp, practical outlook on projects in which you're interested. Take advantage of the situation.

LEO (July 24 to Aug. 23): Financial matters favored — especially in the a.m. On the personal score, however, you may run into a bit of difficulty in a romantic situation.

VIRGO (Aug. 24 to Sept. 23): Other people may play an important part in day's activities. Much will depend upon your reactions. Don't split hairs in discussions of minor importance.

LIBRA (Sept. 24 to Oct. 23): Your lively imagination may be running out of bounds right now. So, in trying to launch your ideas, be sure to separate the fantastic from the feasible.

SCORPIO (Oct. 24 to Nov. 22): As with Libra, you will also have to dampen enthusiasm a bit. Excessive

optimism could lead you to impractical extremes.

SAGITTARIUS (Nov. 23 to Dec. 21): Reject the foolish notions of others. That logical mind of yours will come up with answers that are reasonable and solid.

CAPRICORN (Dec. 22 to Jan. 20): Don't get wrought up over the spending habits of a partner — marital or business. With a little thought, compromise is quite possible.

AQUARIUS (Jan. 21 to Feb. 19): This will be one of those days when you'll have to "go it alone." Cooperation is likely to be spotty or nonexistent. But you CAN cope.

PISCES (Feb. 20 to Mar. 20): You are still in a mood to explore areas off the beaten path, but be careful not to wade in beyond your depth. Trends are changing.

YOU BORN TODAY are a highly enthusiastic individual, vivacious and gregarious of personality. You have a penchant for unusual activities. Indeed, you like activity itself, but tend to overtax yourself at times. Try to curb this tendency, as well as an inclination to go to extremes. Your talents are many and, with proper education and development, you could succeed at almost any vocation you choose, as well as an avocation — which would probably be along creative lines. Fields for which you are best suited, however, include writing, teaching, acting, finance or geology. Birthdate of: Anne Bancroft, stage and film star.

Fire Chief Advises Homeowners To Check Heating Equipment

Those cool mornings in late summer and early fall when the furnace comes on to "take the chill off," should be a good reminder to everyone that it is the time of year to have home heating equipment checked.

That is the advice of Fire Chief Mike Brown of Circleville who says, "Most people wait too long. Cold weather is upon them, and they have begun using their heating equipment before they have had it checked."

Every winter too many unnecessary deaths can be attributed to faulty appliances and heating equipment. Chief Brown says, in noting that now is the time to make sure your equipment will operate safely and trouble-free this winter.

"Making certain that all appliances and heating equipment are in proper working order could save your life," he said.

"Whenever combustion takes place without sufficient oxygen, carbon monoxide gas is produced," Chief Brown said. "Carbon monoxide is colorless and odorless and because it gives no warning it's often referred to as 'the silent killer'. Sometimes headaches and dizziness are the only symptoms."

Chief Brown also cautioned against home repair jobs, if a do-it-yourself inspection reveals something is wrong.

"The few dollars you spend for a qualified serviceman will not only assure your family's safety, they'll save you money in lower fuel costs and conserve valuable energy," he said.

When inspecting existing heating equipment, Chief Brown outlined the following "do's and don'ts":

DO:

See that heating equipment is vented to a good chimney.

Make sure that the chimney is clean. Blow smoke into the chimney opening to see if it is drawing well.

Be sure the vent pipe goes up hill from heating equipment to chimney.

Use a safety thimble to keep the vent pipe from going too far into the chimney. Seal thimble into chimney

with cement.

Be sure the chimney has a cleanout opening under the vent pipe and be sure the opening is covered with a cap.

Allow some outside fresh air into the space where the heating equipment is located.

DON'T:

Put a damper in the vent pipe. Try to get more heat out of your heating equipment than it is built to produce. If your rooms don't heat properly, you may need a larger heater.

Seal furnace room windows and doors with tape and rags. Your heating equipment needs fresh air to burn properly without creating fumes.

Waste a second in getting everyone out of the house if you smell fumes or awaken with a headache and suspect your heating equipment.

Put off calling a serviceman or other qualified person if your heating equipment is not working properly.

Use your cooking range top or oven for heating your home.

If you are buying new heating equipment, Chief Brown suggested the following four-point checklist:

- 1) Be sure it has a place for a vent pipe connection.
- 2) Arrange installation by a qualified installer.
- 3) Be sure it is inspected and approved.
- 4) Get clear and complete instructions for safe operation of the unit.

AFS Chapter Holds Meeting

The Circleville American Field Service Chapter met recently in the home of Mr. and Mrs. Michael Yunkers.

The group was reminded that contributions to help support the student exchange program should be sent to Roger Bennington, P.O. Box 682, Circleville. A gift of \$12.50 or more enables a member to take charter flights with AFS International at greatly reduced rates, as well as supporting this worthwhile project. The local chapter is anxious to raise money in order to send a local student to another country next year.

Mrs. Yunkers announced that Feyzie Serim from Istanbul, Turkey, is nicely settled in with the David Gillespie family. Because of AFS regulations, Feyzie is not able to speak to organizations until after the first of the year, but he has been the guest of several service clubs.

Dr. Robert Phillips, the faculty-student liaison officer, Feyzie and the Gillespies are attending an orientation weekend Sept. 19-21 in Columbus. Anyone interested in knowing more about American Field Service should contact Mrs. Michael Yunkers at 474-5397.

Vandals Destroy Political Signs

Vandals have apparently destroyed two political signs supporting the candidacy of Martha Purcell, 156 W. Franklin St.

She is seeking office as clerk of the Circleville Twp. trustees.

The signs were on N. Pickaway St. and on the Walnut Creek Pike. One was destroyed and one was stolen.

Damage is estimated at \$20, Circleville Police said.

Census Material Available For Use

The Pickaway County Regional Planning Commission has received a large amount of census material pertaining to households and income levels.

All census publications, an aid to government agencies in the county, is on file in the office, located in the Pickaway County Engineers Department, and is available for use.

Wrong Name Published In Golf Course Trial

A news story which appeared in the Sept. 11 edition of The Herald inadvertently referred to the defendant in a jury trial as Barry Black. The defendant's name is Bradley Black.

A subsequent story on Saturday printed the correct name of the defendant.

The Herald offers its apologies to Barry Black of Canal Winchester for any inconveniences the error may have caused.

FSB SUPERINTENDENT SPEAKS—Ralph Starkey, former resident of Circleville and present Superintendent of the Fairfield School for Boys, speaks to members of the Pickaway County Volunteers For Youth as they assume roles as new students at FSB. He explained to the group the procedure a student must follow enabling him to leave the school in a short period of five months.

Ralph Starkey Speaks To Youth Volunteers

Ralph Starkey, superintendent of Lancaster's Fairfield School for Boys spoke to a group of 15 members of Volunteers for Youth and six guests at an in-service training session held 8 p.m. Monday at Good Shepherd United Methodist Church.

In describing the school's rehabilitation program, Starkey asked those present to assume the roles of new students at FSB listening to an orientation address. He then proceeded to explain how students could progress through the system, consisting of four zones, by obtaining a maximum of twelve points per day and be returned to the community sometimes within five months.

Starkey devised the point system at FSB based on behavior modification to enable both students and staff members to know exactly what is required of a student to earn his release. Uniform requirements eliminate any possibility of differential treatment and place the responsibility for success upon each individual student.

According to Starkey, many of the boys sent to the Youth Commission could be treated more effectively within their own communities and at much less expense to the public. He quoted a figure of \$11,000 as the cost to the tax payer to send one juvenile to the OYC for one year. He said the cost at FSB is \$20 per student per day.

Starkey uses volunteers at the school in various ways and believes the volunteer can often be more effective than a staff member because "kids can develop more meaningful relationships with people on the streets than with professionals." He further emphasized that, "In order for a boy to feel positive about himself, he must feel able to relate to a positive individual." And volunteers provide him with this opportunity, according to Starkey.

Currently Starkey is developing an innovative program which would serve approximately 250 boys with low self-concepts. The program would utilize survival skills in a stress-challenge situation to rehabilitate youth unable to respond to the standard program.

He believes such a program could achieve success for given students within eight weeks. However, due to

recent cutbacks in funding it is doubtful that the program will be initiated soon.

Prior to joining the OYC staff in 1968, Starkey served as Chief Probation Officer of the Pickaway County Juvenile Court and later as Executive Secretary of Children's Services. The latter position also included serving as Superintendent of the Children's Home and Administrator of Brooks-Yates School.

Starkey spent four years as Superintendent of Zanesville Youth Camp before obtaining his present position at FSB which he has held for three years.

He and his wife Margaret, a former teacher at Nicholas Drive School, reside in Zanesville with their children Beth and Brad.

Consumer Funding Delayed

COLUMBUS, Ohio (AP) — It apparently will be two more weeks before the State Controlling Board resolves funding of consumer protection activities in the Department of Commerce.

The board, controlled 4-3 by Democrats, delayed along party lines Monday, until Sept. 29 action on a request to release \$897,997 to fund the department's consumer protection division through June 30, 1977.

At the same time, Atty. Gen. William J. Brown said he will ask the board the same day to let his office have \$254,401 to reactivate consumer complaint activities which he charged the commerce department already has abandoned.

Charles I. Rhoads, deputy commerce director, said the \$897,997 is the "exact amount" requested in the budget left behind by former Democratic Gov. John J. Gilligan to provide the division with a continuation plan.

Rhoads said the legislature reduced the proposed Gilligan budget for the entire department from \$15.9 million to \$11.5 million, without earmarking a specific amount for the consumer division.

Brown and other Democrats have accused the Republican administration of giving low priority to consumer affairs, particularly in view of an across-the-board, two per cent cut Gov. James A. Rhodes ordered for his executive departments.

Major Fire Hits Cincy

CINCINNATI, Ohio (AP) — A major fire lit up Cincinnati's skyline late Monday night and early today as it engulfed two five-story buildings and damaged at least three others.

There were no injury reports and the cause and damage were not expected to be learned until later today.

The city's fire department headquarters dispatched 23 of Cincinnati's 30 fire companies to the scene near Riverfront Stadium, while towering flames could be seen for miles around on both sides of the Ohio River.

Firemen said the fire was reported first in the Smith Furniture Co. warehouse at Third and Elm streets downtown. Flames jumped to the adjacent Huber Restaurant Supply Co., and several smaller structures, firemen said.

A heavy pall of smoke lay over a six-block area between the riverfront and Fifth Street, choking off traffic in the downtown area until the early morning hours.

Firemen mustered 140 on duty firemen leaving only seven companies in reserve to protect the rest of the city.

Firemen were expected to be on the scene throughout the day.

thanks to you,
we're celebrating

years of water
conditioning
service

This is an anniversary we're proud of...we've been serving this area with the Lindsay brand of soft water for 20 years! During this time we've enjoyed the confidence and support of hundreds and hundreds of customers.

These valued customers have realized the benefits from doing business with a local business that specializes in water conditioning.

So, if we haven't met, come on in! We hope to be here another 20 years with the same reliable brand of soft water.
